**P/25/84 Planning Applications**

**Tree applications:**

[APPENDIX A](#) PS/25/02093/TPA Barnwood Paddocks, Hogwood Road, Ifold.

Reduce east sector by 2-3m (overhanging neighbouring property) back to suitable secondary growth points on 1 no. Oak tree (T20) subject to PS/97/00810/TPO.

-See comments from D Lugton attached.

Support the Tree Warden's observations.

**SDNP applications:**

None.

**Building applications:**

[APPENDIX B](#) PS/[25/01445/OUT](#) - Land At Little Springfield Farm, Plaistow Road, Ifold

Outline Planning some matters reserved accept Access, Layout and Scale - for demolition of existing B2 and B8 floorspace. Erection of flexible use floorspace use classes: E(g) - E(g)(i) Offices E(g)(ii) Research and development of products or

processes, E(g)(iii) Industrial processes, B2 (restricted to only take place inside buildings) and B8 Storage or Distribution and change of use of existing building to office building and B8 building to fuel store.

-See comments from Planning Officer and S Tilbury attached.

The previous comments on this application remain valid and are to be repeated.

[APPENDIX C PS/25/02042/FUL](#) Tucepi, The Drive, Ifold.

Demolition of existing dwelling and garage. Erection of a replacement dwelling and associated works.

No objection, however previous comments on boundary and gate remain and are to be repeated.

[APPENDIX D PS/25/02225/DOM](#) Ifold Cottage, Loxwood Road, Plaistow, RH14 0PE

Demolish existing single-storey extension and replace with two-storey extension on north elevation.

No objection. The property is being considered in the emerging Neighbourhood Plan as a Non-Designated Heritage Assets for the Parish. However, these proposals seem in keeping with the original historic design of the property which date back to 1800s and was connected to the Ifold Manor House as gatehouse to the estate.

## APPENDIX B

Michael Drake  
Planning Officer  
Chichester District Council

9<sup>th</sup> October 2025

Dear Michael Drake

[25/01445/OUT](#) - Land At Little Springfield Farm, Plaistow Road, Ifold, Outline Planning some matters reserved accept Access, Layout and Scale - for demolition of existing B2 and B8 floorspace. Erection of flexible use floorspace use classes: E(g) - E(g)(i) Offices E(g)(ii) Research and development of products or processes, E(g)(iii) Industrial processes, B2 (restricted to only take place inside buildings) and B8 Storage or Distribution and change of use of existing building to office building and B8 building to fuel store.

The Plaistow and Ifold Parish Council Planning Committee reiterate its **objection** to this proposal and the updated information submitted by the proposer. The new scheme appears fundamentally unchanged from PS/23/01968/FUL. Similar concerns relating to the overall size, traffic, lighting and ecology remain and accordingly weight should be given to the previous refusal.

The Parish Council Planning Committee notes that the scale of the proposed redevelopment is more proportionate to the extent of the existing buildings and now sits within the boundaries of the previously developed area. However, the Planning Committee raises a number of continuing concerns and as a result objects to this application.

No Landscape Visual Assessment or photomontages are provided and without any such supporting information regarding the visual impacts it is difficult to make any meaningful assessment of whether the visual appearance of the scheme would have an adverse effect on the countryside setting.

The approach to water neutrality continues to be flawed since it still relies on combining the water savings/usage from the proposed commercial development with the separate proposal for a replacement dwelling house on the adjacent site. This requires them to be treated as if they are a single development, which CDC have previously advised they are not. Therefore, unless the applicant were to agree to such linkage formally tying the dwellinghouse to the commercial estate they must be treated separately. In the absence of such linkage then it is for each development to demonstrate that it can satisfy water neutrality requirements on a standalone basis.

For the sake of clarity it is confirmed that the Planning Committee has no objection to such formal linkage. In the event that formal linkage tying the dwelling house to the commercial estate can be agreed then the Parish Council would request a condition be imposed that the replacement residential dwelling house remains ancillary to the commercial estate in perpetuity.

As noted in the email chain from Plaistow and Ifold PC to Alicia Snook of CDC ending 04 August 2023 the Parish Council would see linkage as a positive step. By formally tying the dwelling house to the commercial estate this would help ensure

that the owner/occupier both lives and works on site and is therefore mindful of the impact the commercial activity has on the site's neighbours / wider community of Ifold – as it also impacts their own enjoyable domestic occupation of the land.

It should be noted that the application Masterplan Lighting Layout (revision 3 dated 10.07.25) differs from the information presented in the Alan Tulla Lighting Design document dated 2 July 2024. In the absence of a cohesive set of Lighting documents and a Lighting Impact Assessment the Planning Committee is unable to make comment but remains very concerned at the potential for light pollution and adverse impact on the occupants of nearby residential properties, the appearance of the site in the landscape and on its ecology.

Planning policy seeks to discourage HGV's from using unsuitable roads. The application site is in a rural residential area and will result in an increase in the volume of HGV, commercial and other vehicle movements in a residential area without pavements with resulting pedestrian safety concerns.

If the District Council is minded to approve the application, the Planning Committee would request that conditions be imposed to protect the local residential amenity, landscape, environment and highway safety. The Planning Committee would seek the following conditions: - A restriction on operating hours from 07.30 am to 18.00 hours Monday to Friday and 08.00 am to 13.00 hours on Saturday with no working on Sundays and Bank Holidays.

In the interests of Highways Safety and residential amenity the Planning Committee would seek a limitation as to the size of vehicles permitted to access the site in relation to business use with a maximum weight of no greater than 7.5 tonnes. (similar to that imposed with permission on an adjacent site reference 10/02558/FUL) Limitation be placed on the number of vehicle movements which we would request reflect the rural residential location and restricted site access.

As noted above, in the event that formal linkage tying the dwellinghouse to the commercial estate is agreed then a condition be imposed that the replacement residential dwellinghouse remains ancillary to the commercial estate in perpetuity.

The Planning Committee notes the widening of the current access utilising verges on the existing driveway. The trees (oaks) at the entrance site on the property boundary with the Plaistow Road should be retained by condition please.

Yours sincerely

J Bromley

Dear Eleanor Midlane Ward

PS/[25/02042/FULL](#) – Tucepi, The Drive, Ifold, Loxwood, RH14 0TE  
Demolition of existing dwelling and garage/ Erection of a replacement dwelling.

**No Objection.** However, The Parish Council Planning Committee would ask if the Planning Officer is minded to approve this application that *boundary designs* to be consistent with the *recently drafted Design Guidelines for Plaistow and Ifold, developed for and referred to in the emerging Plaistow and Ifold Neighbourhood Plan*. The existing hedging should be retained or else replaced with native hedging species. Any gate design should reflect the rural nature of the area and be of a visually open style. Muted darker materials for surfacing of the driveway would be preferred.

Yours sincerely
